

**October 2017**

**President's Message**

**With the turning of the leaves and cooler temperatures, Fall and Winter are in the offing. Hopefully we can all get in a couple kruizes before the snow flies.**

**This has been one of those busy months for all of us. Since we last met, Club members have attended several noteworthy events. The Outkasts car show in Mitchell, The Moose Club gathering in Fort Pierre, Fireball Run event in Pierre and our annual Kruise to Bob's Steakhouse in Gettysburg, wrapping up last evening with the Steak Fry at Lilly Park. All events were well attended and Club members enjoyed some pretty good food along the way.**

**Many of you may know that Mike McClelland will be retiring from the restaurant business on October 15, 2017. The Club has been gathering at McClelland's for our monthly meetings for a few years.**

**We will be meeting at Wegner Auto in Pierre on Monday, October 16 - 7.00pm**

**We are currently seeking a new venue/meeting location. Several members have expressed a desire to continue meeting for dinner prior to the meetings. It is my hope that we can secure meeting space for that purpose.**

**Additionally, Ann Curtis is working on a location for our Christmas party. Hopefully we will have an update to share at Monday's meeting.**

**Looking forward to seeing you at the upcoming Club meeting, Monday, October 16, at Wegner Auto in Pierre (Main Showroom) 7:00pm**

**If you have not yet paid your annual dues, please plan to take care of that at the meeting.**

**Lastly, remember to wear your name tag to the meeting, or fork out the \$1.00 penalty...exact change is required...Lame excuses will not be tolerated....**

Thank you, again, for your continued support for the “recognition, restoration, preservation and safe operation of special interest automobiles.”

Regards,

Marlin

**The bio for the month is from The Callahan's**

**Patrick and Karen Callahan wanted a very specific car for a specific purpose; to join in the fun as members of the Pierre Street Masters.**

**Their car is a 1994 Chevy Caprice Station Wagon with a factory installed 5.7L LT1 engine. Available only in 1994, the LT1 wagon's powertrain is the same as that found in a Corvette making it the fastest 'grocery getter' on the road.**

**Patrick drove a '94 LT1 wagon while deployed as a tactical medic and never forgot how much power and comfort the big wagon provided. He returned home vowing to own one just like it someday.**

More than 20 years later, Karen found a one owner LT1 wagon for sale in St. Louis. MO. The previous owner was a retired St. Louis Police Officer who had used his retirement money to order the car new from the factory. He ordered the car in 'Cardinal Red' in honor of his favorite baseball team, the St. Louis Cardinals.

The Callahans bought the car with the intention of joining the Street Masters Car Club and joining in on some of the fun events they had attended before, but never as members.

In the year since buying the LT1, the Callahans have added Cragar rims, a 3.73 rear end, and a killer tune up by Dale Garber. They enjoy the many Street Masters events and meeting new people at car shows across the state.

\*\*\*\*NEW MEMBERS\*\*\*\*starting next month I would like a auto-biography to put in the newsletter. Roxie used to do these for new members and everyone seemed to like them. If ALL new members could email me this to me monacha.ellerton@gmail.com I will just randomly put them in the newsletter.

Thank You! To the members that came over to the impromptu garage tour after the Moose Lodge cruise. We spent the evening fixing my screw ups and finished by firing up my 283 and breaking in the cam for my Model T hot rod project. Was an awesome night for me, and I truly appreciate all your help. Was the true meaning of a car club. - Ryan Ellerton
